

# United 278

# OXY PRO

# Professional Coil Cleaner

United's **OXY PRO 278 Professional Coil Cleaner** puts the powerful cleaning benefits of oxygen right in your hands. This formula releases added oxygen and hydrogen in a reaction that increases solubility and cleaning power. Safely removes stains, slime, scale, and soil deposits. Cleans and brightens chiller and evaporator coils.

### This OXY PRO is:

- Bio-based
- Non-Acid, but Low pH
- Dye-Free
- Fragrance-Free
- NPE-Free
- Phosphate-Free
- Contains no dyes, no fragrances.

### United 278:

- Improves system efficiency.
- Great for use on aluminum, copper, and iron-based metals.
- Will not etch metals when used as directed.
- Easy to use; just spray it on. Let it work. Rinse with clean water.

**Note:** Do NOT use this product on painted surfaces.
