

THE POWER OF OXYGEN. **UNLEASHED!**

Tough on Grime. Gentle on Surfaces. Powered by Peroxide.

OXY PRO

United's OXY PRO System:

A re-imagined line of cleaning solutions that harnesses the natural oxidizing power of Hydrogen Peroxide. By replacing harsh caustics and bleaches with active oxygen, we deliver a clean that is safer for the user, the surface, and the environment.

THE "FIZZ" FACTOR (How it Works):

When **OXY PRO** is applied, it releases thousands of active micro-bubbles. This effervescent action seeks out and penetrates porous surfaces, physically lifting dirt, grease, and grime to the surface to be wiped away.

WHY SWITCH TO OXY PRO?

NO HARSH RESIDUES:

Hydrogen Peroxide degrades into two harmless elements: Water and Oxygen. It leaves no sticky film to attract new dirt.

COLOR-SAFE BRIGHTENING:

Get the whitening power of bleach without the fabric damage or toxic fumes. Perfect for grout lines and textiles.

ODOR DESTRUCTION:

It doesn't mask odors with perfume; it oxidizes the odor causing molecules to eliminate unwanted odors.

UNITED
LABORATORIES

399 OXY PRO

Professional Total Washroom Cleaner

The Daily Driver. A complete solution for restroom maintenance. The foaming peroxide action penetrates grout lines, cuts through soap scum, and eliminates urine odors at the source.

Target: Tile, Grout, Countertops, Fixtures.

Action: Brightens grout and creates a fresh, clean scent.

531 OXY PRO

Professional Stain Zapper

The Instant Fix. A concentrated spotter designed to lift organic stains immediately. The effervescent action lifts wine, coffee, and biological soils to the surface for easy removal.

Target: Carpet Spots, Upholstery Spills, Laundry Pre-Treat.

Action: Color-safe oxidation that destroys the stain structure.

639 OXY PRO

Professional Cleaning & Descaling Wipes

Grab. Wipe. Shine. The convenience of a wipe with the power of an acid-replacement descaler. These dual-texture wipes break down hard water deposits and scale build-up while cleaning surfaces.

Target: Faucets, Showerheads, Stainless Steel, High-Touch Points.

Action: Instantly removes lime and scale—no spraying required.
