

# United 718

# OXY PRO

# Professional Multi-Purpose Industrial Descaler

United's **OXY PRO 718 Professional Multi-Purpose Industrial Descaler** puts the powerful cleaning benefits of oxygen right in your hands. This formula releases added oxygen and hydrogen in a reaction that increases solubility and cleaning power. Safely removes lime, rust, calcium, scale and hard water deposits from many hard surfaces. Safe to use on all metals when used as directed.

### This **OXY PRO** formulation is:

- Bio-based
- Non-Acid, but Low pH
- Dye-Free
- Fragrance-Free
- NPE-Free
- Phosphate-Free
- Contains no dyes, no fragrances.

### United 718 offers a multitude of applications, including:

- General cleaning and descaling of most industrial equipment.
- Removing light to medium rust from nuts, bolts and other metal parts.
- Cleaning and descaling water meters and filters.
- Cleaning, descaling and removing rust from commercial dishwashing machines and ice makers.
- Removing scale build-up and rust from pots, pans, kettles and coffee pots.
- Cleaning and descaling hospital equipment.
- Removing hard water deposits, scale and rust from drinking fountains.

**Note:** Do NOT use this product on painted surfaces.
