

UNITED

LABORATORIES

United 107 is a high powered, non-flammable, non-conductive solvent that dissolves grease and rinses away dirt and grime from hard surfaces without injury to working parts. Contains an acceptable replacement for 1,1,1 trichloroethane under the EPA SNAP program.

- No CFC's
- 30,000 Volt Dielectric Strength
- Non-Flammable
- Non-Conductive
- Non-Corrosive

Safe for use on electric motors, generators, relays and control panels while equipment is in operation. Dries fast and residue free. No flash point. Cleaning is quick and simple with the powerful flushing action of the solvent without the danger of injury to working parts.

USE ON: Electric Motors; Generators; Bearings; Gears; Gas, Water and Electric Meters; Pipe Threads; Machined Parts.

Do not use on plastics.

Not to be used for motorized vehicle maintenance, or their parts.

FOR INDUSTRIAL USE.

DIRECTIONS:

Spray liberally over grease and grime until completely saturated. Allow the solvent to air dry. For extreme cleaning, brush encrusted part and rinse again with solvent spray. Parts should dry rapidly with a residue free surface.

An SDS for this product is available through United's website, www.unitedlabsinc.com, providing 24 hour access. Please read the SDS carefully and follow all directions when using or handling this product.
