OXY PRO Professional Stain Zapper boosts cleaning performance with added oxygen. This works to eliminate stains and odors as it frees more hydrogen into the solution improving water solubility.

Use **Professional Stain Zapper** on:
Laundry • Water Washable Carpets
Automotive Upholstery

Professional Stain Zapper removes odors plus spots and stains such as:

Red wine • Pet stains • Tea • Coffee • Motor oil
Kool-Aid • Blood • Tomato sauce • Dirt
Ink • Lipstick

DIRECTIONS FOR USE:

Remove as much of the excess stain as possible. Treat the stain with this product at full strength as soon as possible.

Always test for colorfastness, certain stains cause permanent discoloration.

Professional Stain Zapper removes stains the fastest when this product is at room temperature.

Use longer soak time, and/or scrubbing after soaking in the solution if stain is not removed after first attempt.

WATER-WASHABLE FIBERS:

1. Test for colorfastness. Pour full strength product onto an inconspicuous area on fibers and examine when dry (at least 12 hours). If the fiber or color is affected do not use this product. Or, dilute the product with water and then test for colorfastness.
2. Prior to treatment try to remove as much solid matter from the stain and use paper towels to soak up excess liquid or residue from the stain.
3. Pour the product onto the stain. Allow to penetrate 10 to 15 minutes.

OXY PRO

Professional Stain Zapper

UNITED
LABORATORIES

Manufactured and Sold Exclusively by:
UNITED LABORATORIES, INC.
320 37th Avenue • St. Charles, IL 60174
