1. PRODUCT AND COMPANY IDENTIFICATION

Product identifier
Product Name United 127 SEASONAL EQUIPMENT WAX

Other means of identification
SDS# UNITED 127

Recommended use of the chemical
Aerosol Snow Plow Wax and Lawnmower Deck Treatment

And restrictions on use
For institutional and industrial use only.

Recommended use
Uses Advised Against

Details of the supplier of the safety data sheet
Company Name United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com

Emergency telephone number
Emergency Telephone 800-323-2594 (to reorder)
INFOTRAC 1-800-535-5053 (North America)
1-352-323-3500 (International)

2. HAZARDS IDENTIFICATION

Classification

OSHA Regulatory Status
This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Label elements

Emergency Overview

Danger

Hazard statements

Extremely flammable aerosol. Contains gas under pressure: May explode if heated. Causes skin irritation. Suspected of damaging fertility or the unborn child. May cause drowsiness or dizziness. May causes damage to organs (central nervous system, kidney, peripheral nervous system, brain, lungs, and reproductive system) through prolonged or repeated exposure. May be fatal if swallowed and enters airways.

This product contains the following percentage of chemicals of unknown toxicity: N/A.
Appearance Colorless  Physical state Aerosol   Odor Solvent odor

Prevention
Keep away from heat/sparks/open flames and hot surfaces. No smoking. Do not spray on open flame or other ignition source. Pressurized container. Do not pierce or burn, even after use. Protect from sunlight. Wash thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection. Do not expose to temperatures exceeding 50°C/122°F.

Response
If on skin: Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. If exposed or concerned: Get medical advice or attention. Do not breathe fumes, mist, vapors, and spray. Use only outdoors or in a well-ventilated area. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center or doctor if you feel unwell. If swallowed: Immediately call a poison center or doctor. Do NOT induce vomiting. Do not eat, drink or smoke when using this product.

Storage
Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in well-ventilated place.

Disposal
Dispose of contents/container in accordance with local/state and national regulations.

Hazard(s) not otherwise classified (HNOC)
N/A.

4. FIRST AID MEASURES

First aid measures

Skin Contact
Wash skin thoroughly with soap and water. Remove contaminated clothing and shoes, launder before reuse. If irritation persists seek medical attention.

Eye contact
Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.
Inhalation
Move to fresh air. If breathing is difficult or unconscious, administer oxygen. If not breathing administer artificial respiration. Seek medical attention if irritation persists.

Ingestion
Rinse mouth. Do not induce vomiting. Get medical advice or attention.

Most important symptoms and effects, both acute and delayed

Chronic health hazards: Excessive exposure may result in peripheral neuropathies due to n-hexane. Symptoms would be sensory numbness and possible motor weakness in extremities.

Indication of any immediate medical attention and special treatment needed
Note to physician: If ingested, material may be aspirated into the lungs and cause chemical pneumonitis. Treat appropriately.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media
Dry chemical. Foam. Carbon Dioxide. Water spray or fog.

Unsuitable extinguishing media
Water spray/stream.

Unusual fire and explosion hazards
Extremely flammable. Contents under pressure. Exposure to temperatures above 120°F may cause bursting. Keep away from sparks, open flames and other sources of ignition.

Protective equipment and precautions for firefighters
Wear full protective clothing and NIOSH approved SCBA with full facepiece operated in positive pressure or pressure demand. Use water mist to keep material cool in fire situations.

Hazardous combustion products
Oxides of carbon.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions
For personal protection, see Section 8 on this SDS.

Methods and material for containment and cleaning up

Methods for containment and for cleaning up
Spill: Absorb with non-combustible material like vermiculite, sand or earth and rinse with small amount of soapy water. Do not allow to drain into sewers or storm drains.

Waste Disposal
Dispose of in accordance with local, State and Federal regulations. Do not puncture, incinerate, or reuse empty container. Wrap container and place in trash collection.

RCRA Status
Waste likely considered hazardous under RCRA; however, product should be fully characterized prior to disposal (40CFR261).

7. HANDLING AND STORAGE

Precautions for safe handling and storage
Advice on safe handling and storage

Wear appropriate protective equipment. Avoid contact with skin, eyes and clothing. Do not inhale mist or vapor. Protect from sunlight. Store in a well-ventilated place. Do not expose to temperatures exceeding 50°C/122°F. Pressurized container: Do not pierce or burn, even after use.

Keep out of reach of children.

Incompatible materials

Strong oxidizing agents, strong reducing agents.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines

No Exposure limits noted for ingredient(s).

NIOSH IDLH Immediately Dangerous to Life or Health

Appropriate engineering controls

Engineering Controls

Material is heavier than air. Material may concentrate in low lying areas. Normal, forced ventilation required to meet TLV requirements. Local exhaust ventilation is generally preferred.

Individual protection measures, such as personal protective equipment

Eye/face protection

Wear safety glasses.

Skin and body protection

Wear chemical resistant gloves.

Respiratory protection

If exposure levels are exceeded then organic vapor cartridge respirator or SCBA will be needed.

General Hygiene

Wear protective clothing to prevent repeated or prolonged contact with product. Wash hands thoroughly after handling.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state

Gas.

Form

Aerosol.

Color

Colorless

Odor

Solvent odor

VOC (weight %) 96%

10. STABILITY AND REACTIVITY

Reactivity
None known.

Chemical stability
Material is stable at normal conditions.

Possibility of Hazardous Reactions
None known.

Conditions to avoid
Excess heat, open flame, sparks, electric equipment, ignition sources, and incompatible materials

Incompatible materials
Strong acids, strong oxidizing agents.

Hazardous Decomposition Products
Oxides of carbon, and various hydrocarbons.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information

Inhalation May cause irritation to the respiratory tract, dizziness, headaches, drowsiness, unconsciousness.

Eye contact May cause burning, irritation, redness, tearing.

Skin Contact Irritation likely, redness and pain. May cause localized defatting, blistering with prolonged skin contact. May be absorbed through skin.

Ingestion May cause gastrointestinal irritation, nausea, diarrhea, vomiting, aspiration hazard.

Symptoms related to the physical, chemical and toxicological characteristics
Excessive exposure will aggravate pre-existing disorders of eyes, skin, respiratory, liver, kidney, cardiovascular system, pulmonary illnesses, or central nervous system.

Skin irritation
Irritation likely, redness and pain. May cause localized defatting, blistering with prolonged skin contact. May be absorbed through the skin.

Eye irritation
May cause eye irritation, pain, redness, tearing, swelling.

Sensitization
No information available.

Germ cell mutagenicity
No information available.

Carcinogenicity
OSHA/ACGIH/NTP/IARC. Other: CA Prop 65

Reproductive toxicity
No information available.

Acute hazard

Chronic effects
Excessive exposure may result in peripheral neuropathies due to n-hexane. Symptoms would be sensory numbness and possible motor weakness in extremities.

Medical condition aggravated
Excessive exposure will aggravate pre-existing disorders of eyes, skin, respiratory, liver, kidney, cardiovascular system, pulmonary illnesses, or central nervous system.

12. ECOLOGICAL INFORMATION

Ecotoxicity
Toxic to aquatic life.

Persistence and degradability
Product is biodegradable.

Bioaccumulation
Components in this mixture can bioaccumulate in aquatic organisms.

Soil Mobility
Not determined.

Other adverse effects
None known.

13. DISPOSAL CONSIDERATIONS

Waste treatment methods
Dispose of in accordance with local, State and Federal regulations. Do not puncture, incinerate, or reuse empty container. Wrap container and place in trash collection.

Disposal Considerations

RCRA Status
Waste likely considered D001 (Ignitable waste), under RCRA, however product should be fully characterized prior to disposal (40CFR261).

14. TRANSPORT INFORMATION

This product meets the exception requirements of Section 173.306 as a limited quantity and may be shipped as a limited quantity. Until 12/31/2020, the “Consumer Commodity ORM-D” marking may still be used in place of the new limited quantity diamond mark for packages of UN 1950 Aerosols. Limited quantities require the limited quantity diamond mark on cartons after 12/31/2020 and may be used now in place of the “Consumer Commodity ORM-D” marking and both may be displayed concurrently.
15. REGULATORY INFORMATION

International Inventories
All components of this product are on the Canadian DSL list.

Legend:
TSCA - United States Toxic Substances Control Act Section 8(b) Inventory - All chemicals are listed or exempt
DSL/NDSL - Canadian Domestic Substances List – Yes

US Federal Regulations

SARA 311/312 Hazard Categories
Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

CERCLA Hazardous Substance List (40 CFR 302.4)
Hexane (110-54-3) Reportable quantity = 5000 lbs.

US State Regulations

California Proposition 65
California Proposition 65: This product can expose you to chemicals including benzene, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov. Hexane (110-54-3) is listed on the following State Hazardous Substance Inventories, Right-to-Know lists and/or Air Quality/Air Pollutants lists: CA, NJ, NY, NC, PA, RI, WI.
